Read Me First

Please follow the following steps in loading the various clients for Phase II of this Limited Users Test (LUT):

1) *Step 1:* Click on "Register to Download Clients"

2) *Step 2:* Click on "Token Registration"

3) *Step 3:* Click on "Download VPN Client"

4) *Step 4:* Click on "Download WIN2K Service Pack 4 " (if needed.

   NOTE: IF you are using any other version of MS <u>OTHER</u> than WIN2K Professional, with Service Patch 4, you do not need to download this patch.

5) *Step 5:* Click on "Download iPASS Client"

Please note that after registering your token in Step 2, you will need to use your registered token for both iPass and VPN authentication. Your username will be the same for both iPass and VPN authentication. You will need to be running Symantec Antivirus software on the laptop before you can use the iPass software. Additionally, you will have only 120 seconds to iPass and VPN authenticate.

Any problems, questions please call:
